

With COVID Staying Center Stage – DeSantis’ Handling of the Pandemic is Cutting Deep with Likely Voters

DeSantis Presidential Outlook is Bleak

September 6, 2021

For Immediate Release:

In a Labor Day Weekend poll of 1,144 likely Florida voters, no matter the issue, Governor Ron DeSantis is out of step with the likely Florida voter. Whether it is his stance on abortion, or COVID fines or future elections; something is out of step with the messaging to the overall voters, and in a dramatic way. DeSantis has less than 42% support for a Presidential run and, additionally, you will see that over 60% stand against DeSantis with regards to his stance on abortion, fining businesses and withholding salaries from school board members regarding facemask mandates.

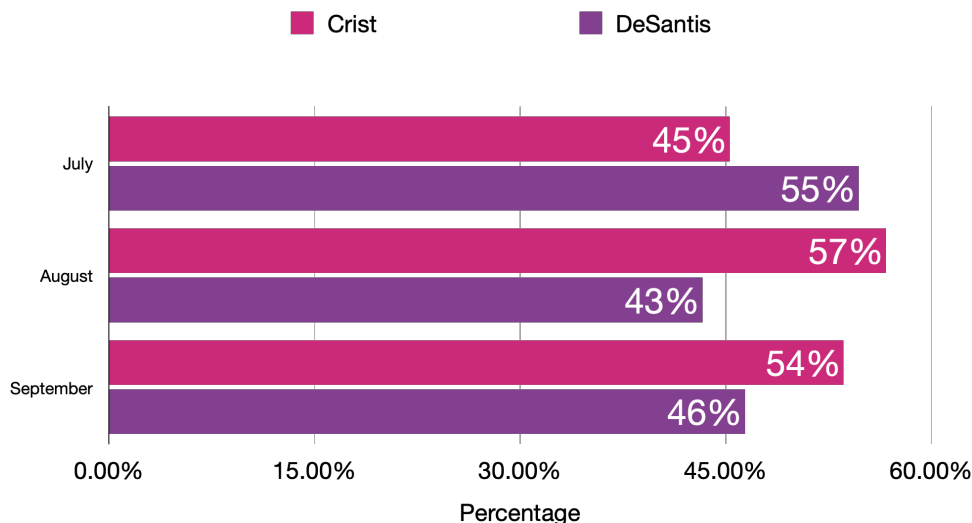

What was surprising to us was that the conservative regions of the state do not strongly support the actions of the Governor.

First, we see that Charlie Crist is keeping his lead against DeSantis when it comes to the governor’s race. What we find is Crist still holds a good lead, albeit a 3% drop from a poll we conducted 2 weeks ago; however, he is still in the lead. Also, when looking at the regions of the state, Crist is ahead in all parts of the state, including the Northern and Northwestern parts of Florida. **(Crosstabs on following pages.)**

First, if the election were held today, would you vote for Charlie Crist or Ron DeSantis for governor?

Responses: 1144		Total	Overall %
1. Charlie Christ		613	53.6%
2. Ron DeSantis		531	46.4%

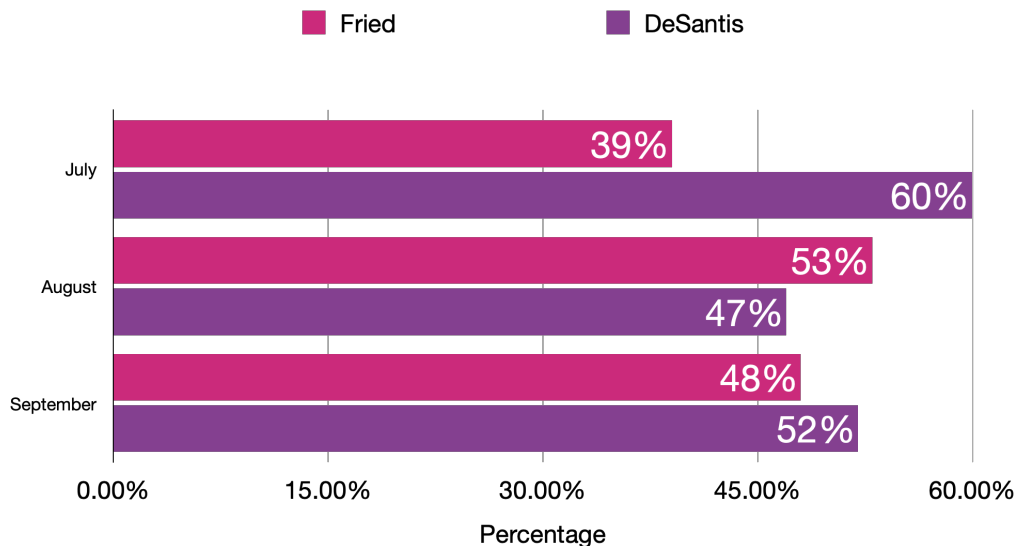

Here is a comparison of how this race has changed since COVID, and the handling of it, became so paramount over the summertime.

Next, we see, that in this study, DeSantis has regained a slim lead over Agriculture Commissioner Nikki Fried as she, also, is running on the Democratic ticket to challenge DeSantis in the upcoming gubernatorial election. **(Crosstabs on following pages.)**

2. Next, if the election were held today, would you vote for Nikki Fried or Ron DeSantis for governor?			
Responses: 1144		Total	Overall %
1. Ron DeSantis		595	52.0%
2. Nikki Fried		549	48.0%

Here is a comparison of how this race has changed since COVID, and the handling of it, became so paramount over the summertime.

Next, we see that only 40% of those polled support Governor DeSantis and his support for the Heartbeat bill, which would stop abortions after the 6-week period, in most cases. The bill would mirror the policy just put forward in Texas. What is interesting here is that only 54% of the GOP voters support this policy. **(Crosstabs on following pages.)**

3. Now, do you support the heartbeat bill which would stop abortions after the first 6 weeks of pregnancy?			
Responses: 1144		Total	Overall %
1. Yes		466	40.7%
2. No		678	59.3%

Now, with regards to COVID, the voters are strong against the Governor’s handling of the situation, especially when it related to fines and enforcement. First, we see 60.1% opposing his stance on issuing a \$5,000 fine to businesses, schools and governments that require proof of COVID-19 vaccination. However, Republican voters do support this with 50.2%. Thin, but still a majority. **(Crosstabs on following pages.)**

4. Next, do you support Governor Ron DeSantis issuing \$5,000 fines to businesses, schools and governments that require proof of COVID-19 vaccination.			
Responses: 1144		Total	Overall %
	1. Yes	457	39.9%
	2. No	687	60.1%

Next, we again asked, as we did 2 weeks ago, about Governor DeSantis’ action of withholding salaries from school board members and school superintendents who went against his mask non-mandate; again, we see 69.6% opposing. This should be a damning sound that something is off or out of step here with the desires of the voters. Even 59.9% of the Republicans were against him on this measure. **(Crosstabs on following pages.)**

5. Now, do you think Governor Ron DeSantis should withhold salaries from school board members or superintendents of school districts that make facemasks mandatory?			
Responses: 1144		Total	Overall %
	1. Yes	348	30.4%
	2. No	796	69.6%

Next, we looked at his favorability ratings, and we asked first, with regards to COVID and then a separate question with regards to his overall handling of his duties as Governor. Here see pretty much see little daylight between the two as it seems as though they are only ranking him based of pandemic situation.

When it comes to COVID handling, DeSantis has 40.8% favorability ranking. **(Crosstabs on following pages.)**

6. Next, what is your opinion on Ron DeSantis’ handling of the Covid 19 pandemic?			
Responses: 1144		Total	Overall %
	1. Extremely Favorable	248	21.7%
	2. Very Favorable	115	10.1%
	3. Favorable	103	9.0%
	4. unfavorable	273	23.9%
	5. Very Unfavorable	176	15.4%
	6. Extremely Unfavorable	202	17.7%
	7. No Opinion	27	2.4%

Next, when you look at his overall favorability, he is down to 42.2%. This is an 11% drop from a July 23 poll seeing his overall favorability near 55%. **(Crosstabs on following pages.)**

7. Next, overall, with all the function of his duties as governor, what is your opinion of Ron DeSantis?			
Responses: 1144		Total	Overall %
1. Extremely Favorable		243	21.2%
2. Very Favorable		98	8.6%
3. Favorable		142	12.4%
4. unfavorable		263	23.0%
5. Very Unfavorable		208	18.2%
6. Extremely Unfavorable		185	16.2%
7. No Opinion		5	0.4%

Finally, we did a blind head-to-head for the presidential race and found that only 41.3% of Florida likely voters would vote for him as President with 58.7% saying they would like someone else. (Name not mentioned.) **(Crosstabs on following pages.)**

8. Finally, would you vote for Ron DeSantis for president or choose someone else?			
Responses: 1144		Total	Overall %
1. Ron DeSantis		473	41.3%
2. Someone Else		671	58.7%

METHODOLOGY:

The persons sampled were Florida likely voters with a voting score of 100% for the primary and general election cycles. The voters called were those only with landlines and were called using an Interactive Voice Response (IVR) system and were called during the hours of 1PM to 8PM September 3-5, 2021. The Margin of Error for this study is +/- 3.1% with a confidence level of 95%. The crosstabs are broken down by Age, Party Affiliation and State Senate regions.
